

Past, present and future of HPC Services in the UK, and the people who make it work

(An HPC [RSE] SIG Workshop)

Agenda

16:30-16:40 Welcome and Introduction (Deepak Aggarwal and Marion Weinzierl)

16:40-17:00 Talk: *History of HPC* (Simon Burbidge and Simon Clifford)

~~**17:00-17:15** Talk: *HPC Carpentry* (Jannetta Steyn)~~

17:15-17:55 Panel Discussion: *Future of UK HPC and HPC Services*

(Chair: Deepak Aggarwal)

17:55-18:00 Wrap-up (Marion Weinzierl)

Code of Conduct

- Be respectful, welcoming and inclusive
- Do not disrupt or interrupt
- No violence
- No sexist, racist, homophobic, transphobic, ableist, or exclusionary jokes or remarks
 - Please also don't make fun of any programming languages, technologies or platforms - people might feel uncomfortable!
- If you break the Code of Conduct, you will be asked to leave

Chatham House Rule for the Discussions

“When a meeting, or part thereof, is held under the **Chatham House Rule**, participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant, may be revealed.”

Means:

Talk about the “what”, but not about the “who from where”.

HPC-SIG

High Performance Computing Special Interest Group

- Community-led network for people who build, operate, support, and use HPC services in the UK
- Representation from universities, national facilities and research institutes
- Provides a forum for sharing best practices, technical knowledge, and operational experience
- Hosts 3-4 meetings a year across different regions of the UK
- 65+ member organisations comprising 45 universities across the UK and 20 affiliate members, including national facilities, research institutes and government organisations
- Maintains links with international HPC communities, like CASC
- Run by a committee of volunteers

communications@hpc-sig.org.uk

HPC RSE SIG

- Special Interest Group under SocRSE!
 - Mini-website: <https://socrse.github.io/hpc-rse-sig/>
 - Terms of Reference
- Current Steering Group and Committee members:
 - Diego Alonso Álvarez, Imperial College
 - Simon Burbidge, DiRAC
 - Simon Clifford, University of Cambridge
 - Thomas Flynn, University of Durham
 - Tuomas Koskela, UCL
 - Andy Turner, EPCC, University of Edinburgh
 - Marion Weinzierl, University of Cambridge
 - Gavin Yearwood, University of Birmingham
- New committee members (or lurkers) always welcome!

Activities

- Annual Meet-up at RSECon since 2022
 - BoF accepted for RSECon26!
- Online meet-ups
- Workshops/meet-ups at Durham HPC Days since 2025

HPC [RSE] SIG Collaboration Plans

- Have been discussing this since some time last year
- This is our first joined event!
- We hope to have the HPC RSE SIG join one of the regular HPC SIG meetings over the next year (parallel track or extra half day).
- Discussing joined “Day Zero” event at CIUK.
